

COMPETITION CORNER INDEX

By Ragnhild Margareta Ericson
Senior Director of DAG Competitions

Since 1984, I have been the voice in *Competition Corner* (CC) answering questions and elaborating on related subjects - first in *The Doll Artisan*, and now in *DOLLS Beautiful*.

To help you find specific subjects and answers to questions around competing, I have below listed all valid subjects in past CCs.

Currently, you'll find CCs from 1996 (DA vol. 19) to DB 2007-2. Within each subheading, most recent subjects are listed first.

As you scan down the list, you'll find that the same CCs are listed under several subjects, and that certain subjects are discussed in more than one CC.

If you don't have the issues referred to, DAG can supply you with copies of Competition Corners listed for a small fee (details on pg. 9).
